

Interplast Request for the Current Year

Peter Lewis of Rotary Club of Bentleigh Moorabbin Central is the D9810 Chair of Interplast. In that position Peter has a message for all clubs in our District. He writes:

I have been appointed, Chairman, Interplast Committee, District 9810. It is fully appreciated that we are experiencing what can only be described as horrible times with Covid19. This however will hopefully not prevent Rotary Clubs from still being able to support a range of worthy causes. My Committee will continue to promote Interplast where possible and should your club be desirous of having a "zoom" presentation effected, contact should be made with Janette Etherington, Interplast janette.etherington@interplast.org.au.

I submit as follows a proposal for the valued consideration by your club.

It costs some \$40,00 to \$60,000 to fund an Interplast team depending on the duration and the destination. If every club in D9810 contributed \$1,000 to Interplast this year, the amount raised would substantially cover the cost of an Interplast team.

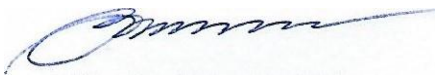

I am wanting to achieve a position of raising an amount of \$1,000.00 (or more) from each of the 40 clubs in our district. I would ask that you review this matter. My aim would be to be able to collect all funds by 30 November 2020 which gives clubs plenty of time. Hopefully all clubs will participate.

I do not intend at this stage to advise Interplast of what is proposed with a preference to arrange a cheque handover in early December maintaining a "surprise factor"

I will attend to the creation of a bank account for payments to be made in due course.

At this stage, I would simply ask that your club review this suggested method of fundraising and drop me an email naming your club with a "yes or no"

Thanking you in anticipation.

PP. Peter M Lewis, PHF

Chairman, District 9810, Interplast Committee
