Fri	1 Jul	D9810 40th Birthday Event

NOTES

1. My intention is to move towards a situation where most District related meetings remain online during the Rotary year of 2021-22 as indicated in the preceding charts. This will mean that **all** our Committees will need to become familiar with conducting their business and meetings via the Teams platform as from 1st of July 2021. This move will also ensure that the District Zoom account can be freed up to deal with other events. **If assistance is required, then the TechComm team under the leadership of Trish Carr is happy to help.**

2. Some key members of the District Support Team are charged with the responsibility of staging a Seminar or Forum. They might also like to review the advantages of using both online and in-person platforms (hybrid) to further enhance their message to a District that is much more familiar with new technology than it was 12 months ago. **If assistance is required, then the TechComm team under the leadership of Trish Carr is happy to help.**

3. All mistakes and omissions with dates and events are mine to own and I am more than happy to hear from you as we all work towards serving our District in the year ahead.

Thank you again for all your work and support.
DGE Dr Daryl Moran
May 2021
